# Taiwan's 0+7 Entry Restriction Guideline

## ■ 0+7 Entry Restriction Guideline

It will take effect on **October 13th 2022**, there will be **no more quarantine**. However, individuals must complete seven (7) days of self-initiated epidemic prevention.

(The day of arrival counts as Day 0. A seven-day period of self-initiated epidemic prevention will be required.)

**Quarantine Mandate Lifted** with Implementation Date to Be Decided Depending on the Development of the Epidemic (Scheduled to Take Effect on October 13 after One Week of Observation)

## 7 days of self-initiated prevention for arrivals

Rapid testing is required should symptoms develop

A negative rapid test result taken within 2 days is required for going out

Date of arrival

Self-initiated prevention

Rapid testing

- ◆ Home Quarantine Notice will no longer be issued.
- ◆ Epidemic prevention vehicles and quarantine hotel policies will be adjusted.
- ◆ Electronic fencing and monitoring measures will be suspended, and home quarantine designation will no longer be marked in the National Health Insurance system.
- ◆ Home quarantine services from local governments will be suspended.
- ◆ At-home rapid testing measures: Four rapid test kits will be given to arrivals aged 2 and older by staff at international airports/ports upon arrival. One test should be done on the day of arrival or the first day of the self-initiated prevention period (D0/D1). A negative result taken within two days is required for going out.

## Details are listed below.

1. Cancellation of home quarantine. And also cancel the issuance of the "Entry Health Declaration and Home Quarantine Notice" for passengers.
2. Passengers are exempted from the online declaration of the "Entry Quarantine System" and the domestic mobile phone number before entering the country.
3. Stop the home quarantine care tracking mechanism, electronic monitoring measures, health insurance registration, and local government home quarantine care services and other measures.
4. Epidemic prevention norms to be followed during self-epidemic prevention:
  - (1) The principle of self-epidemic prevention sites is meet the requirements of one person and one room (private bathroom).
  - (2) Try to avoid contact with people at high risk of severe illness.
  - (3) If you have symptoms, please rest at home. If you are asymptomatic and have a negative home antigen quick test result within 2 days, you can go out, go to work, go to school, but you should wear a mask throughout the process.
  - (4) If there is a need for meals, please wear a mask when leaving your seat and immediately after using your meal.
  - (5) It is forbidden to go to the hospital to accompany or visit the patient.
  - (6) Confirmed mild cases can be taken care of at home in reinforced anti-epidemic hotels/centralized quarantine centers or in the original self-isolated anti-epidemic locations (excluding general hotels).

## Newrex Special Column-

### For us, every detail matters.

You may have heard of A2LA, but what does it stand for:

 **About**

*American Association for Laboratory Accreditation (A2LA) is among the largest accreditation bodies in the world and the only independent, 501(c)3, non-profit, internationally recognized accreditation body in the United States that offers a full range of comprehensive conformity assessment accreditation services.*

On March, 2021, Newrex are certified to A2LA ! Each of your orders will undergo a rigorous review.

**Accredited Laboratory**

A2LA has accredited

**NEWREX SCREW CORPORATION**  
Kaohsiung, Republic of China Taiwan

for technical competence in the field of  
**Mechanical Testing**

This laboratory is accredited in accordance with the recognized International Standard ISO/IEC 17025:2017 General requirements for the competence of testing and calibration laboratories. This accreditation demonstrates technical competence for a defined scope and the operation of a laboratory quality management system (refer to joint ISO-ILAC-IAF Communiqué dated April 2017).

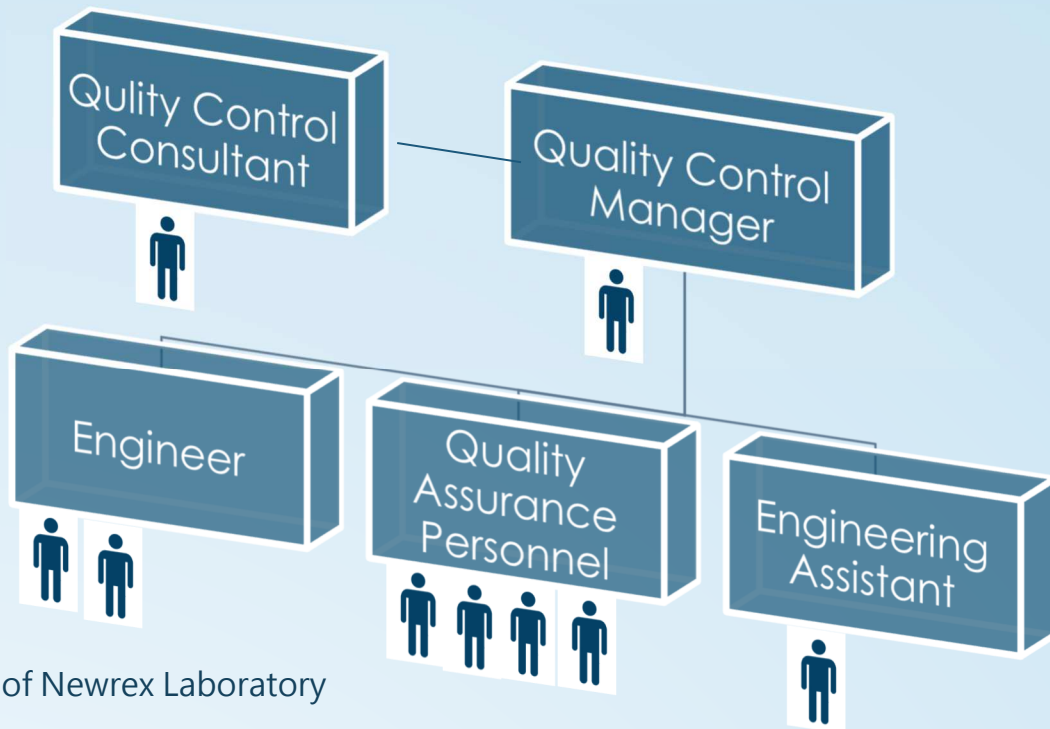

Presented this 1st day of March 2021.

  
Vice President, Accreditation Services  
For the Accreditation Council  
Certificate Number 5982.01  
Valid to March 31, 2023

For the tests to which this accreditation applies, please refer to the laboratory's (field) Scope of Accreditation.
